MSD WB-EPOXY

Transform interior concrete surfaces with **MSD Water Based Epoxy**, a low VOC surface sealer that offers an ultra-high gloss finish. Ideal for use in overlay systems, metallics and counter tops, this revolutionary product is perfect for creating eye catching floors using chip broadcast technology.

RECOMMENDED USES

An ideal solution for interior surfaces, this coating is not only low-odor but also highly abrasion resistant.

BENEFITS

- High gloss
- Low odor
- Resists chemicals and solvents
- Abrasion resistant
- VOC compliant

APPLICATION

Create the perfect blend with 4 parts of Part A to one part of Part B and start applying quickly! Brush, roll or spray - whatever your preferred method is. This dynamic duo will be touch dry in a few hours so you can give it another coat shortly after that – no need for a long wait time here. One final tip: when all's said and done, use detergent & water to make clean up just as effortless as application was!
